7.1 INTRODUCTION

All American Industrial Hygiene Association Laboratory Accreditation Programs (AIHA-LAP), LLC accredited laboratories are encouraged to advertise their accreditation by using prescribed language defined in this module and the approved AIHA-LAP, LLC accreditation logo. ISO/IEC Standard 17011 requires that accreditation bodies, such as the AIHA-LAP, LLC, “have a policy governing the protection and use” of reference to its accreditation and logo. The following policies govern a lab’s reference to its accreditation in all communication media, such as the Internet, documents, reports, business cards, brochures or advertising.

Failure to conform to these policies or the advertising/logo license agreement shall result in any or all of the following: request for corrective action, suspension or revocation of accreditation, publication of the transgression or possible initiation of legal actions.

Only accredited AIHA-LAP, LLC laboratories may use the AIHA-LAP, LLC accreditation logo for purposes of advertising their laboratory accreditation.

A laboratory shall not advertise that it is accredited by AIHA-LAP, LLC until the laboratory has received its accreditation certificate and scope of accreditation with laboratory ID number from AIHA-LAP, LLC indicating that it has been accredited. Also, an AIHA-LAP, LLC accredited laboratory that adds an additional laboratory accreditation program and/or FoT to its existing scope of accreditation (see Module 3, Section 3.9) shall not advertise that it is accredited for that scope of testing until it receives its accreditation certificate and/or updated scope of accreditation with Laboratory ID number from AIHA-LAP, LLC.
